

At **Science Team Pte Ltd**, we have expertise in freezing-point depression osmometry, fluidic connectivity and sample containers. Through these expertise we excel in the distribution and servicing of scientific products such as

- Osmometer
- Cryoscope
- ALP milk and juice tester
- Bilirubinometer
- HPLC columns and parts
- Fittings, tubings and parts for fluidic circuitry
- Soft tubing - Tygon, silicone, versilic, etc
- Barbed & luer fittings for soft-wall tubing
- Precision glass syringes
- Parts for solvent containment
- Membrane syringe filters
- TOC and pre-clean vials
- Autosampler vials

Advanced® Osmometer

Osmo1
Single-Sample Micro-Osmometer

OsmoTECH
Single-Sample Micro-Osmometer

OsmoTECH XT
Single-Sample Micro-Osmometer

A20 Advanced
Automated Osmometer

OsmoPRO
Multi-Sample Micro-Osmometer

OsmoTECH PRO
Multi-Sample Micro-Osmometer

OsmoPRO MAX
Automated Osmometer
